Re: Cable Act Preservation Alliance, MB Docket 05-311

I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

For 20 years I lived in Cambridge and worked at CCTV. I observed what the fees that Comcast paid made possible: The youth programs; programs for seniors; and local election coverage were probably the most valuable. CCTV gave opportunities for high school students to do internships. Many of these students went on to college and careers related to their internships at CCTV

I now live in Hingham and support the local public TV station that does many of the good things that CCTV does.

Please do not do anything that might reduce support offered to local TV.

Thank you.
